Dear Fiona

Since October 2013 the High Court has published, on the Court's website, audio-visual recordings of Full Court hearings in Canberra. The visual frame produced for the recordings has been of the whole Bench, looking from above and behind counsel.

The Court has decided that, commencing with the August 2017 sittings of the Court, the recordings will be enhanced to include a "picture in picture" front view of counsel addressing the Court. The view will appear in the bottom centre of the frame, below the Bench.

I would be grateful if you could bring the decision of the Court to the attention of the members of the Law Council of Australia.

Yours sincerely
